Debating the Patriot Act

Chuck Rosenberg, chief of staff to the
Deputy Attorney General of the United States;
Jeff Gamso, legal director, ACLU of Ohio,

Sponsored by: Fireproof Records Center

On October 26, 2001, President Bush signed the USA
Patriot Act into law. This law provides for sweeping
new powers for both domestic law enforcement and
international intelligence agencies. Some argue that in
doing so we have eliminated the checks and balances
that previously gave courts the opportunity to ensure
that these powers were not abused. Join us for a pow-
erful debate about the new law and its provisions.

Rebuilding the I-70/71 Downtown Split

Gordon Proctor, director,
Ohio Department of Transportation

The I-70/71 downtown split is the
most congested, high-crash freeway
location in the state. It was built more
than 40 years ago and carries about
175,000 vehicles a day – about 50,000
more than the highway was designed
to handle. As a result, the highway
experiences about three crashes each
day.

Over the past two years, ODOT has

held over 100 community meetings
and gathered input from thousands of
people regarding what should be done.
Based on that input, ODOT is studying
eight concepts that may reduce acci-
dents and congestion in the split.

"The concepts range from minimal
to major changes, with some propos-
ing to gut and rebuild the entire system
and others advocating leaving ramps
and other features unchanged," said
Tim McDonald, project manager for
the ODOT study.

By June, ODOT expects
to narrow the list of potential
concepts to two or three for
further analysis, before mak-
ing final recommendations for
the corridor by the end of the
summer.

Join CMC and ODOT
Director, **Gordon Proctor**,
for an in-depth look at the
final three proposed concepts
for fixing the dreaded down-
town split.

About Us...

CMC firmly believes in the free
expression of all ideas and the bene-
fits of an open exchange of informa-
tion. CMC is non-partisan and takes
no positions on issues.

Anyone can join! From the begin-
ning, there have been no barriers to
membership and all forums have wel-
comed the general public. Diversity,
both in programming and member-
ship, is one of the many benefits of
being involved in CMC. Everyone is
welcome.

Each forum is an hour-long pro-
gram that starts with a brief introduc-
tion followed by 25-30 minutes of
speaker comments. The final half hour
is filled with unfiltered, unrehearsed
questions from the audience.
