WEDNESDAY, JULY 13

Columbus on the Record: CMC Special Edition

A half year into his term, Governor John Kasich has set a new precedent for getting things done. Why isn't everyone applauding? Not afraid to rattle cages and bang on doors, the outspoken Governor has taken charge of the State of Ohio and launched many of his campaign promises on the road to reality.

The dreaded 8 billion dollar biannual budget deficit? Gone; balanced budget as promised and no new taxes. New initiatives to make Ohio attractive to investors while developing, attracting and retaining business? Done, JobsOhio is a happening entity. Tools to empower local governments and school districts to make the tough calls and establish fiscal responsibility and a sustainable future... can you say SB 5? The casino's need to step up and fork over some extra cash to play ball in Ohio? No problem!

What exciting twists and turns are in store on the road to 2012? How about drilling for gas and oil in state parks or the public union battle cry to repeal SB 5 on the November ballot... all just around the bend! Sit tight, buckle your seatbelt and enjoy the ride when you join us for a special version of *Columbus on the Record* featuring panel discussion on the 6 month thrill ride that is Governor Kasich in Ohio.
